Sir:

Applicant's representative would like to thank Examiner Meller for his time and consideration with the Interview of May 25, 2004. During the interview, Examiner Meller indicated that if Applicants limited claim 1 to treating arteriosclerosis by decreasing LDL oxidation, both the prior art and enablement rejections would likely be overcome, assuming that there is no disclosure in the references about treating arteriosclerosis specifically.

Appl. No. 09/989,490

Should there be any outstanding matters that need to be resolved in the present application, the Examiner is respectfully requested to contact MaryAnne Armstrong (Reg. No. 40,069) at the telephone number of the undersigned below.

If necessary, the Commissioner is hereby authorized in this, concurrent, and future replies, to charge payment or credit any overpayment to Deposit Account No. 02-2448 for any additional fees required under 37 C.F.R. §§ 1.16 or 1.17; particularly, extension of time fees.
